

Wino®

The especially low priced, re-openable vine shelter (triangular growing space with a side length of 9 to 11 cm)

- shelter can be closed and re-opened and is, therefore, easy to re-use
- **sufficient growing space** (triangular, side length 9 to 11 cm)
- **greatly translucent** for strong growth and healthy plants
- Protects from game, and from damage caused by mechanical and chemical (herbicides) weed control measures
- no growing-out of side shoots, **thus less tying or cutting work necessary**
- **Keeps weeds and tendrils out of growing space**
- droplet irrigation through dew in the hollow chambers of the material, **growth promoting**
- double layer material for temperature regulation
- durable (UV stable): 3 to 4 years, material (PP) decomposes environmentally neutral afterwards, colour: green
